

Dear Resident(s),

Are you, or do you know of those in our Township who are 60+ years old or older? In the past we've offered activities and services for our Seniors. We're gearing up to bring back our Senior Services and get things running again! Several possibilities on programs are being looked at and we want your help. We need to choose how best to allot our millage dollars.

Senior Services will give you an opportunity to connect socially with friends/neighbors, and the millage dollars will be used to provide general services and support recreational activities! All of this will contribute to and promote healthy well-being within our community. With your input to help develop opportunities, our goal is to continue to grow and create awareness to programs and services.

Complete & Return this survey and you'll be entered in to a drawing for a chance to win one of several prizes!

(Please Print)

To better understand you, please complete the following:

Name: _____

Phone: _____

Email: _____

What is your age? (circle your selection):	
60-65	66-70
71-75	76-80
81-85	86+
